2. As #health professionals, we are the nation's most highly trusted and accessible leaders who reach a breadth and diversity of Americans, and have powerful potential to motivate them to protect and enhance their health from climate change impacts. I'm on a #path2positive along with a diverse network of fellow leaders via Climate for Health. Are you in?  
[www.climateforhealth.org](http://www.climateforhealth.org)
3. Lead on climate change solutions by joining health professionals like you in the Climate for Health initiative. Explore the practical tools and resources to get your patients and communities started on a #path2positive for #ClimateSolutions [www.climateforhealth.org](http://www.climateforhealth.org)
4. Upon reflecting on what I am seeing around me, and in support of my patients and community, I have decided to increase my efforts and do something about climate change. I have joined Climate for Health, a new national program and network – from health leaders, for health leaders – to lead by example and engage others in climate solutions. I haven't always led on climate change, but I now feel compelled to do so. I know we can do more to care for our future and get on a #path2positive. Join me! [www.climateforhealth.org](http://www.climateforhealth.org)
5. Are you ready to #LeadOnClimate with us? Explore Climate for Health's practical tools and resources to get our hospitals, clinics, offices and facilities throughout the country started on the #path2positive.  
[www.climateforhealth.org](http://www.climateforhealth.org)
6. #LeadOnClimate with me and join fellow health professionals on a #path2positive to prepare and protect our patients and communities from the impacts of climate change with Climate for Health. This new national network offers practical step-by-step actions designed to make a difference! [www.climateforhealth.org](http://www.climateforhealth.org)
